Sir,

I propose to you for your design work on the Beksinski museum in accordance with your "concept 357" project, the price of 9 thousand dollars payable in three installments of 3000 dollars each. One at the start, the other at the first presentation by you of the results of your work and a third at the end.

If you accept I will send you a draft contract for you to sign. In this contract will be specified the parameters of the building (number of floors, the entrance hall, the stores to store the basements, the elevator, the stairs, the emergency exits, the toilets, the height of the rooms of exposure, their number and their shape - not necessarily rectangular or square - air circulation etc).

I await your reply and greet you cordially

Piotr Dmochowski
